PROFILE SUMMARY

A passionate third-year Bachelors of Engineering in Computer Science student at DMI St. Eugene University. With a strong foundation in web development (Frontend), I specialize in crafting responsive, user-friendly web experiences using technologies like HTML, CSS, JavaScript, and modern frameworks/libraries.

Driven by curiosity and a love for problem-solving, I thrive on learning new tools and technologies to expand my skill set and tackle creative challenges. Whether building projects, collaborating with peers, or exploring emerging trends in tech, I'm always eager to grow and contribute to meaningful solutions.
